

Rev. David Root
Dover. N. H. Jan 13-1829

102
Dear Brother Phelps, I have just received your letter. My meaning was that I would become your agent & labour in Western Massachusetts for a season (if the N. York Committee were willing) in your behalf as your agent & for the New Organization. To say I now. I cannot say how long, perhaps till cold weather. I may then wish to throw myself upon the Parent Society & migrate far the South like the birds -

You may therefore confer with them to that effect. As I have agreed to go for them I should not be willing to withdraw without their approbation - Yours;
Affectionately - David Root
